IntegratedInvestor Series

Online Education

You can access a wealth of education in the form of online training modules. Get yourself immediately up-to-speed and begin taking profitable trades as soon as you install your software.

Lifetime Support

As a HUBB member you can take advantage of lifetime Technical and Trading support. If you're having troubles with your software or trading simply send us an email or logon to our chat support to get the answers you are looking for.

Free Upgrades

Keep your software up-to-date and ready for the next big trading opportunity. Owners of **IntegratedInvestor** will have access to enhancements that improve the speed and functionality of your software.

IntegratedInvestor...

1 Precomputed Trading Lists

Open **IntegratedInvestor** and receive immediate access to the hottest long and short term trading opportunities. Pick your preferred strategies and instantly generate a list of the stocks to watch.

2 Technical Dashboard

Receive a proprietary summary of key technical indicators for any given stock. The Oscillator, Trend and Volume dials give you all you need to know at a glance.

3 Fundamental Dashboard

Is your stock a Growth, Value or Income stock? Find out using our Fundamental Dashboard. This function allows you to quickly choose stocks that are suited to your style and eliminate those that aren't.

4 Broker Recommendations

Buy, sell or hold - what are the experts saying? Cross reference your own analysis with **IntegratedInvestor's** inbuilt Broker Recommendations.

5 News Headlines

Knowledge is power – that's why it's essential that you know all you can about your company of interest. Our News feature makes this possible at the click of a button.

6 The World at a Glance

View the latest action on world markets on two easy to read charts. Compare your chosen stock to indices and sectors and click on the charts to begin more in-depth analysis.

The Ultimate Trade Finder

By fusing together the elements of fundamental studies, technical analysis, options analysis and consensus figures, **IntegratedInvestor** allows you to **view a stock from every possible direction** – taking out the risk and improving your probability of profitable trades! This immensely **powerful piece of financial market analysis software** is pioneering Integrated Analysis and is set to take your trading and investing to new heights!

Integrated Scanner

The most sought after tool within the software, the Integrated Scanner allows you to scan the market for winning trades using a combination of technical, fundamental and options criteria – putting probability on your side.

IntegratedInvestor – The Ultimate Trade Finder

IntegratedInvestor is more than just the sum of its parts. Standalone **ProfitSource**, **ValueGain** and **OptionGear** are powerful platforms. Together they are a strong blend of technical, fundamental and options analysis tools. Combined with the new Integrated Analysis modules they form the most formidable piece of software on international markets.

ProfitSource *The Edge for Active Investors!*

- Advanced technical analysis.
- Inbuilt Elliott Wave tools.
- Sophisticated scanning capabilities.
- Backtest your strategies to see what works.
- Hot stocks at the click of a button.

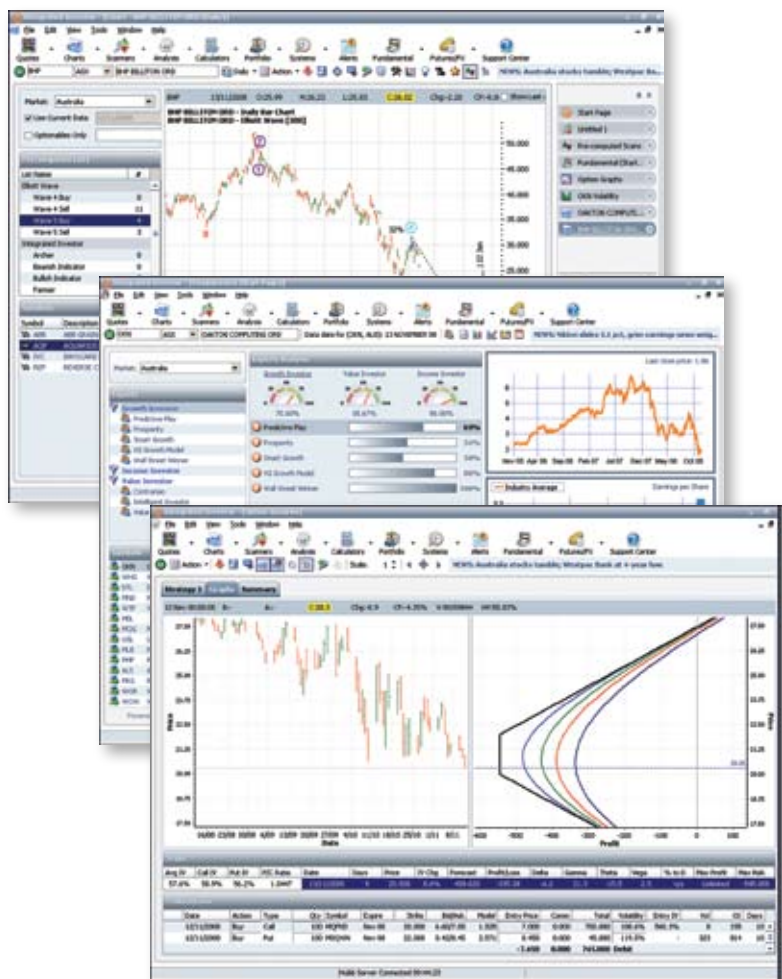

ValueGain *Fundamentals Made Easy!*

- Invest like the world's best.
- Build your own fundamental scans.
- Broker ratings for individual stocks.
- Find the real value of any stock.
- Financial statements at a single click.

OptionGear *The Trading Profits Enhancer!*

- Advanced options analysis.
- Trade Scanner - what trades to take when.
- DIY scanning to find the best opportunities.
- Portfolio Manager to track your trades.
- View the volatility of a stock before you buy.

Comprehensive Market Data *World Markets at Your Fingertips*

Trading decisions are made on information. This information needs to be timely, accurate and consistent. **IntegratedInvestor** provides data for domestic and international markets allowing you to spot opportunities as they happen.

Futures/Forex Module *Profit From International Markets*

The unique Futures/Forex module allows you to follow the underlying futures, interest rate and commodity markets – all of which are leading indicators of stock and sector performance.
